FIRST ASSISTANT SECRETARY 18 APL 1952 EDUCATION DEPARTMENT

Rc.No. 359.D.6/49 dated 13-4-1952

Sir,

Sub: Grant - Building - Wardlaw High School, Bellary - Construction of 3 rooms

Ref: G.O.Ms.No. 1839 education dated 21--6--1950

In the above G.O. the Government sanctioned the inclusion in the list of approved works of the scheme for the construction of 3 rooms for the Wardlaw High School, Bellary at an estimated cost of Rs. 18,000/- The Joint Consulting Architect to Government approved the estimate for Rs. 24.740. I therefore recommend that the grant payable on the scheme may be increased from Rs. 9,000/- to Rs. 12,370/-

2. The Correspondent reports that no one has come forward to offer any tender for the construction of the above building. I enclose a copy of the letter dated 17-3-1952 from the Correspondent. In the circumstances explained by him, I recommend that the Management may be permitted to proceed with the construction without entrusting the work to a Contractor relaxing the provisions of rule 53 of the grant in aid Code; and in this event, the grant payable may be on the basis of the valuation of the work by the Local Public Works Department.

Yours faithfully,

for Director of Public Instruction

Copy of letter dated 17-3-1952 from the Headmaster, Wardlaw High School, Bellary to the Director of Public Instruction, Madras

Ref: Rc.No. 359.D.6/49 dated 5-1-1952

Sub: Grant-Building - Wardlaw High School, Bellary - Construction of 3 rooms - Etc - Further instructions requested.

In continuation of my letter dated 12-2-1952, wherein I had explained the procedure adopted for calling for tenders, I wish to submit that inspite of the advertisements on 4 days in dailies (The Mail and the Hindu) and the notices put up at the local District Board, Municipal and Engineering Offices, no one has come forward to offer any tenders for the construction of the above buildings. The last date for giving the tenders was 20th. After that I contacted some local building Contractors to enquire whether any one of them could under take the work. But I was told that their hands were full on account of the Thungabhadra Project work or the recent cement surfacing of roads or mining works in Sandur. Therefore no one came forward with any tender so far and there is no prospect of any local contractor offering to take up the work.

Under the circumstances I propose that the Management be permitted to construct the building and not give it to any contractor. The construction is not large and intricate to cause difficulties for the Management. I shall be thankful if early orders are passed with regard to the above matte

This case relates to the proposal for an increase in the estimated cost of building scheme consequent upon the scrutiny of the scheme by the Joint Consulting Architect to Govt. The original estimated cost of the scheme was Rs.18,000/- and the grant payable according to the orders of approval in G.O.Ms. No. 1839, Edn., dated 21-6-50 for the scheme was Rs.9,000/-. Consequent upon the revision of the estimate to Rs.24,000/-, the half-grant payable to the scheme will come to Rs.12,370/- involving an increased grant of Rs.3,370/-.

Though in the notes on the previous page, it was suggested that this might lie over till the general principle of grants raised separately is settled, yet it is for consideration whether, in view of the fact that it is already a standing commitment and in view of the small difference which the proposal will make in the original commitment (an increase of Rs.3,370), the proposal may be approved.

In this case, Finance may see for acceptance of the proposal.
